## Cut Down Your Electric Light Bills

### By Using Only the Best Incandescent Lamps

In order to protect our customers against cheap and inferior lamps we buy only the best grades and take the added precaution to have them carefully inspected and tested by the Electrical Testing Laboratories of New York City before shipment from the factory to guard against defective or inferior lamps being included in the shipment.

We sell carbon lamps to our customers at the following prices:

8-candlepower and 16-candlepower. 25 cents  
32-candlepower. 40 cents

When the lamps are burned out or blackened we exchange new ones for the old ones at the following rates:

8-candlepower and 16-candlepower. 10 cents  
32-candlepower. 20 cents

We recommend that lamps be exchanged when they become blackened, even though they are not burned out. The blackened lamp uses as much current, but gives much less light.

## NEW OFFICIALS TO ASSUME OFFICE

Effective yesterday, Feb. 8, A. B. Stevenson was appointed superintendent of the Idaho division of the Oregon Short Line railroad, with headquarters at Pocatello, vice W. H. Jones, assigned to other duties, and A. F. Brewer, heretofore car service agent of the road, was appointed superintendent of the Utah division in place of Mr. Stevenson.

Circulars making this announcement were issued by General Supt. J. M. Davis, General Manager W. H. Bancroft approving, yesterday. Supt. Stevenson left last night for Pocatello to take up the duties of his new position on the Idaho division, while the desk heretofore occupied by Mr. Brewer in the car accountant's department in the News annex building has been vacated and the erstwhile occupant was to be found at the office of the superintendent of the Utah division of the Short Line union station.

It is a common saying among railroad men on the Short Line that all good men are graduates of the Pocatello school. Both Mr. Stevenson and Mr. Brewer served their time at Pocatello. Mr. Stevenson spending about 15 years there as dispatcher, chief dispatcher and assistant superintendent. Pocatello is a junction point where four lines diverging to all points in the United States, meet, and all the problems incident to intense railroading are there to be encountered and overcome. From this incubator of railroad officials many of the best men in service on the Pacific roads have been turned out. Mr. Brewer also served a number of years at Pocatello, after preliminary service with the Union Pacific at Laramie and Green River. He was appointed car service agent of the Short Line some years ago, and held that position until promoted to the division superintendent. The Utah division, over which Supt. Brewer presides, extends from Sandy in Utah to McCammon in Idaho, and includes the Cache valley and Malad branches. On the short stretch between Ogden and Salt Lake, on this division, there are 21 passenger trains daily, besides all the freight traffic on the road.

The Idaho division, which falls to the lot of Supt. Stevenson, extends from Granger in Wyoming to Huntington, Or., and includes the Mindoko, Twin Falls, Boise and Ketchum branches. This is the heaviest division on the Short Line to handle, and Mr. Stevenson's long experience on the division especially qualifies him to discharge the responsibilities of the new position.

In the car service office, Chief Clerk Walter S. Anderson has been temporarily installed as Mr. Brewer's successor. Mr. Anderson has spent four years in the car service department, and has helped to pull the road through some of its worst experiences. In the car department, and is well qualified to keep up the good record made by that department in the past.
